

# Dragon Bones

Jamie T

Upside down  
Inside out  
If I had a gun  
I'd blow my brains out  
50,000 feet  
Up in the clouds  
If I had a gun  
I'd blow my brains out

Rolling the dice  
2 and a 3  
There ain't nothing left  
If you're leaving me  
Get out of my head  
Get out of my bed

Cannibal Love  
Animal Lies  
Annabel's heart  
Annabel's thighs  
Everything now that you've ever dreamed of

Upside down  
Inside out  
If I had a gun  
I'd blow my brains out  
50,000 feet  
Up in the clouds  
If I had a gun  
I'd blow my brains out

Now that you're born  
Now I can't breathe  
I feel the rush from the empathy, yeah  
And I wanna touch and all I wanna be

He's the only one  
You ever need  
High strung maestro plants the seed, yeah  
And I don't know and I feel like it's killing me

When I see you  
Wishing you drag me home  
When I see you  
Wishing on Dragon Bones

Upside down (yeah)  
Inside out (On dragon bones)  
If I had a gun  
I'd blow my brains out (On dragon bones)  
50,000 feet  
Up in the clouds (On dragon bones)  
If I had a gun  
I'd blow my brains out

I just feel your love

Cause you're all (Cause you're all)  
That I want (That I want)  
Yeah you're all (Yeah you're all)  
That I need (That I need)  
Baby please (Baby please)  
Take my hand (Take my hand)  
Because this love ('Cause this love)  
Is killing me (Killing me)

When I see you  
Wishing you drag me home  
When I see you  
Wishing on Dragon Bones

Upside down (yeah)  
Inside out (On dragon bones)  
If I had a gun  
I'd blow my brains out (On dragon bones)  
50,000 feet  
Up in the clouds (On dragon bones)  
If I had a gun  
I'd blow my brains out

Upside down (On dragon bones)  
Inside out (On dragon bones)  
If I had a gun (On dragon bones)  
I'd blow my brains out (On dragon bones)  
50,000 feet (On dragon bones)  
Up in the clouds (On dragon bones)  
If I had a gun (On dragon bones)

On dragon bones, bones, bones  
On dragon bones, bones, bones
