

Ghost

Jamie Woon

Stone cold
Animal

Don't want to
Talk about things
In cold and
Controlled words

These ways
I'm beckoned forwards
Oh, body brain
A body question
The body answers
Oh

I want to show compassion to the ghost
That's living in here
Only want to feel into the heart and listen in
Add nothing extra

You know
You know
You know
You know
And I
And I
And I
And I

Only want to show compassion to the ghost
Speak
Take care
Delicate stuff 'round here but
When the day's out of time
And I can fly the wings inside my brain
Then I'll be alright

Want to show compassion to the ghost
I want to show compassion to the ghost
That's living in here
I want to show compassion to the ghost
Not alone, not alone, not alone
I want to show compassion to the ghost
Not alone, not alone, not alone

Don't want to
Talk about things
In cold and
Controlled words
