

Heavy Going...

Jamie Woon

Heavy going...
For a minute til the end of time
I don't even know how to be about it
While I'm wearing this face of mine
I keep forgiving yesterday
For making it up on the go
Method-acting in a world gone crazy
As someone that I'll never know

Change in a changeless way
Change in a changeless way
Change in a changeless way
Change in a changeless way

Big deal, come and bring courage
Start getting everything done
Pick a part of a system to nourish
And harness the warmth of the sun
But baby, baby, baby my darling
I'm addicted to the thrill of the blue
Grind my teeth at 3 o'clock in the morning
And crying in bed to the moon

Change in a changeless way
Change in a changeless way
Change in a changeless way
Change in a changeless way
