

Let's Do It Again

Jamie xx

I get high on your love
I get high on your love
I get high on your love
I get high on your love
I get higher
And higher
I get higher
And higher

Let's do it again, let's do it again
Let's do it again, let's do it again
Let's do it again, let's do it again
Let's do it again, let's do it again

I know everybody knows just the way I feel

Wanna get high on your love
I get high on your love
I get high on your love
I get high on your love
I get higher
And higher
I get higher
And higher

Let's do it again, let's do it again
Let's do it again, let's do it again
Let's do it again, let's do it again
Let's do it again, let's do it again

I know everybody knows just the way I feel

I wanna get high on love with you
I wanna get high on love with you
Let's do it again, let's do it again
Let's do it again, let's do it again

I wanna get high on love with you
I wanna get high on love with you
Let's do it again, let's do it again
Let's do it again, let's do it

I wanna get high on your love
I get high on your love
I get high on your love
I get high on your love
I get higher
And higher
I get higher
And higher

I get high

I get high on your love
I get high on your love

I get high on your love
I get high on your love
I get higher
And higher
I get higher
And higher

I get high
High
Higher

I know everybody knows just the way I feel

Wanna get high on your love
I get high on your love
I get high on your love
I get high on your love
I get higher
And higher
I get higher
And higher

I get high
High
Higher

I know everybody knows just the way I feel

I wanna get high on love with you
I wanna get high on love with you
Let's do it again, let's do it again
Let's do it again, let's do it again

I wanna get high on love with you
I wanna get high on love with you
Let's do it again, let's do it again
Let's do it again, let's do it

I wanna get high on your love
