

Bad Luck

JAMIE

(Mhm-hm, mhm-hm, mhm-hm)
Never meant for all of this to go this far
Chameul mankeum chamatji I'm so fine
'Cause I never really liked ya
(Hanassik jiwo ga)

I wanted you to hurt your wicked heart
I wanted to love you babe, but now

Wish you bad luck, bad luck
Just take it, what you've done
It's karma that you've brought
It's so messed up, messed up
Doedollil sun eopseo
Jal gyeondyeobwa bad luck

Ice cold, gimme that ice thang, mhm
Jigeum jeontu mode
Neol magu jjilleodae, yeah (Yeah)
'Cause I get everything I want
You wanted me as well, damn
So why you kissed that girl?

I wanted you to hurt your wicked heart
I wanted to love you babe, but now

Wish you bad luck, bad luck
Just take it, what you've done
It's karma that you've brought
It's so messed up, messed up
