JAMIE

You eyin' off my million views  
You starin', I'm lookin' back at you  
Oh baby, no one ever asked  
Oh baby, your lil' moment just passed  
Just passed, yeah yeah

Tickin' tickin', you're a time out  
Show me, show me, keep a shut mouth  
I don't wanna do the math, yeah  
People just give me an all-pass

So why you talking 'bout your numbers  
I don't give a shit about your numbers  
Really means nothing 'bout them numbers  
I'll give you 1, 2, 3  
I only ever trust me

You only talk about my numbers  
I don't give a shh about my numbers  
Why do I fall for just a number?  
So keep it 1, 2, 3  
Rich never equalled money

Numbers  
Numbers  
You gotta know, I rely on me  
Numbers

Even though I'm getting money, I won't change up  
So I don't care, I don't care 'bout your numbers  
So please don't talk, please don't talk 'bout my numbers
