Tomatoes and marigolds
They'll help each other grow
I hope this seat's not taken
I just wanna share the sun with you
We don't gotta hurry up
You ain't gotta be the one
We were just rehearsing' babe
You know this ain't the game

We're talkin bout practice
Talking about
We're talkin bout practice
Talking about
We're talkin bout practice
Talkin about
We're talkin bout practice
Talkin about

We could stop time for the free throw
Got more patience than a tree grow
Got love that feels like a cheat code
No stress, no nothing heavy

We could stop time for the free throw
Got more patience than a tree grow
Got love that feels like a cheat code
Keeping this light and easy

It's been a few days and I'm missin your face
I like the way I sleep waking up at your place
I like the way you move but I never assume
I'm the only one you choose, I get in my moods
I grow green when your friends are new
I want weekdays and weekends too
I like you when it's rainy too
This is not how I usually do
Put me in coach, I'm ready

We're talkin bout practice
Talking about
We're talkin bout practice
Talking about
We're talkin bout practice
Talkin about
We're talkin bout practice
Talkin about

Imma get it right, I swear
You were looking like my fears
Usually my like fizzles out
I'm not feeling like myself
I'm not one to bite my tongue

You gon get it right, I swear
I was looking like your fears
Usually your like fizzles out
You're not feeling like yourself

You're not one to bite your tongue

Talking bout
Makes perfect, I'm certain
That shit's dead
Closed casket, closed curtains
No person gone have you like birthin
Earth is different energies exerted
Learned from her, moved on, learned more
Well wishes, still in good rapport
You can't fail, that's until you fall
My only hope is it ends well, we are...

We're talkin bout practice
Talking about
We're talkin bout practice
Talking about
We're talkin bout practice
Talkin about
We're talkin bout practice
Talkin about

We're talkin bout practice
Talking about
We're talkin bout practice
Talking about
We're talkin bout practice
Talkin about
We're talkin bout practice
