

# Wolfsheep

Jamila Woods

I fear you are not a good person  
But I loved you anyway  
I wonder if I'm a good person  
Since I always let you stay

Everybody's good  
No one is  
Everybody's good  
No one is

It was the lightning (Light)  
It was the headfirst fall (Fall)  
It was the fire (Fire)  
I had to block your calls (Call)  
I pulled the tower (Pull)  
I saw you lose your crown (Crown)  
From the beginning ('Gin, 'gin)  
It was the kingdom coming down (Dom, dom)

Everybody's good  
No one is  
Everybody's good  
No one is

Hindsight I see so clearly  
You did a number on me  
Cannot trust you  
Can't trust me to see the wolfsheep  
Hindsight I see so clearly  
You did a number on me  
Cannot trust you  
Can't trust me to see the wolfsheep

They serve you on a platter but I turn it away  
I wonder if you shudder when they mention my name  
Like a razor in an apple  
Could a ring become a shackle?  
Can I tell between who loves, who's hunting me?

Hindsight I see so clearly (I'm the one who called)  
You did a number on me (Wolf, the one you called)  
Cannot trust you (Off, the one you lost)  
Can't trust me to see the wolfsheep (For good)  
Hindsight I see so clearly (I'm the one who called)  
You did a number on me (Wolf, the one you called)  
Cannot trust you (Off, the one you lost)  
Can't trust me to see the wolfsheep (For good)

Everybody's good  
No one is  
Everybody's good  
No one is
