

## Bullet

Jamiroquai

Get down, right on  
Get down  
I know all we're doing is travelling without moving, hey hey  
I know all we're doing is travelling without moving  
Can't stop, no!  
I know all we're doing is travelling without moving, hey hey  
I know all we're doing is travelling without moving  
Speed freak faster than a speedin' bullet, slow down  
If I don't, if I don't I might just lose it locked up  
You've got me honey locked up under heavy brackin' yeah  
Yeah you know I've got to hang on  
Drive to fast I might be last oh yeah
