

## Feel So Good

Jamiroquai

Feels good  
I'm stranded on a spaceship hideaway  
And something makes me think I'm here to stay  
I'm so happy where I am

Feels good  
I've journeyed to the other atmosphere  
And every breath I take just makes it clear  
I'm holding heaven in my hands  
It's automatic baby and it feels so good

Feels good  
These extra-sensory sensations  
Are causing me some complications  
Electrostatic information

Feels good  
I'm playing with a pleasure trafficker  
Arriving soon intergalactica  
I'm holding heaven in my hands  
It's automatic baby and it feels good

Feels good  
Feels so good
