That girl is hot hot hot hot property

My baby's hot hot hot hot property

I couldn't tell you why  
I couldn't give you answers  
What I know is this  
Baby, she's a dancer  
Don't you ever cross the line  
She can be deadly very dangerous  
Her mind's a razor blade  
And now she knows she got it made because  
She just killed a man

You know that she's hot property  
That girl is hot hot hot hot property  
She keeps me on top, good to me  
My baby's hot hot hot hot property

Some girls they think they might get a leg over her  
But she's ooh got so much to spare  
Don't ever think she doesn't pack of piece  
That's fully greased  
Don't you dare  
She my life blood night nurse killer in a tight skirt  
45' what you want  
You better handle her with kid gloves  
Handle her with kid gloves
