

# Runaway

Jamiroquai

Can you dig it  
Something in the air tonight  
Got a one way ticket  
Baby, don't you wanna ride  
Got to make it  
Make it to the other side  
I've got demons  
Stomping on my heels tonight

I just want to runaway (Turn me loose)  
Can lumber around  
Running me down  
I can't stay  
I just want to get away  
I just want to get away now  
With them off my mind today

Can you feel it  
I'm stuck inside a hurricane  
Chasing rainbows  
Can you see I'm going insane  
I wanna be a free man  
But I'm spinning on this crazy wheel  
I'm jumping for the highbar  
Can't you dig it  
No longer know what I feel  
Can't you see

I just want to runaway (Turn me loose)  
Can lumber around  
Running me down  
I can't stay  
I just want to get away  
I just want to get away now  
With them off my mind today

I was wanna run away  
Turn me loose, Turn me loose (3x)  
That's a maybe, That's a maybe (4x)

I just want to runaway (Turn me loose)  
Can lumber around  
Running me down  
I can't stay  
I just want to get away  
I just want to get away now  
With them off my mind today

Just want to runaway  
La la la la la la  
Just want to runaway  
La la la la la la
