

# Something About You

Jamiroquai

Something, baby, about you  
That I can't let go of since that night  
Something, baby, about you  
That was feeling right  
Right, all night  
Some things you don't think you're missing  
'Til you know you want them back so much  
Dancin' something like I used to do with you

I got a say to think about  
All the things we did  
I couldn't find a way to work it out  
I didn't know how to give  
It's so tragic  
To lose that magic  
And now I'm alone  
I see your smile in every dream  
My heart is stone. baby  
Why'd I have to be so mean?  
Feel like dancin'  
Feel like dancin'  
Takin' chances

Something, baby, about you  
That I can't let go of since that night  
Something, baby, about you  
That was feeling right  
Right, all night  
Some things you don't think you're missing  
'Til you know you want them back so much  
Dancin' something like I used to do with you

I remember  
We freaks out on the beach  
Like nebuchadnezzar  
Sweet love from dusk to dawn  
'Til the sky ran out of stars yeah  
Feel like dancing  
Feel like dancing  
You're like candy crush  
Two hits I was addicted to ya  
Baby, gets a rush  
Thinkin' of these night manoeuvres  
Feel like dancing  
Feel like dancing  
Takin' chances

Something, baby, about you  
That I can't let go of since that night  
Something, baby, about you  
That was feeling right  
Right, all night  
Some things you don't think you're missing  
'Til you know you want them back so much  
Dancin' something like I used to do with you

I had sixteen days of your magic

When you took me on a crazy trip  
Still underneath it couldn't be more tragic  
Everything was hidden in your kiss  
Something about you  
Something like I used to do with you  
Something about you  
Something like I used to do with you  
Something about you  
Something like I used to do with you  
Got to say  
Something about you  
Something like I used to do with you  
Got to say  
All night it's  
All night it's  
All night it's
