

# We Can Do It

Jamiroquai

We can do it  
We can do it  
We can do it  
I can love you, baby  
We can do it  
We can do it  
I can love you, baby

Tell you something  
You need to know  
I still love you  
So baby, don't go  
Candid changes  
Don't waste any time  
We can do it  
We can do it, baby  
Now I've been seeing  
You for so long  
Something so special  
There's nothing wrong  
Oh, I can change it  
We can make it  
We can do it  
We can do it baby  
Ain't no problem  
That we can't solve  
Ain't no worries  
We won't resolve  
We can do it  
We can do it  
Gettin' with it  
I can love you, baby

We can do it  
I can prove it  
We can do it  
I can love you, baby  
We can do it  
Don't you quit it  
Get in with it  
I can love you, baby

Don't need money  
I've got a smile  
Summer lovin'  
I'm feelin' fine  
We're supercruising  
Oh yeah  
We can do it  
We can do it, baby  
Check me honey  
Down on the floor  
Giving everything I've got  
'Cause you give me more  
Oh, we can do it  
I can do it  
I can love you

I can love you, baby

We can do it  
I can prove it  
We can do it  
I can love you, baby  
We can do it  
Don't you quit it  
Get in with it  
I can love you, baby

Sometimes my world is shaking  
And I can't hold on  
We've got to find a way  
To move along

We can do it  
I can prove it  
We can do it  
I can love you, baby  
We can do it  
We can do it  
Get in with it

Baby, don't go  
There ain't no problem we can't solve  
Don't ya know  
Honey don't go  
There ain't no problem we can't solve  
Don't ya know, baby  
We're supercrusing yeah, oh  
We're supercrusing yeah, oh  
We're supercrusing yeah, oh
