Batman

Jan & Dean

I don't know who he is behind that mask
But we need him, and we need him now

He's known as Bruce Wayne by day, wealthy socialite
(Gotham City, here they come)
But incognito in dress, he fights crime by night
(Gotham City, here they come)
Yeah it's Batman and Robin, Boy Wonder at his side
Hey now, Riddler, Penguin, Joker, better go and hide

We need the Batman (Batman)
We need the Batman (Batman)
Criminals are a superstitious, cowardly lot
So my disguise must be able
To strike terror into their hearts

Now as the Bat Signal sweeps across the midnight sky
(Gotham City, here they come)
Somewhere in Gotham City it'll find the Batman's eye
(Gotham City, here they come)
There's a crime wave goin' on, but not for very long
'Cause the Batman's gonna teach 'em right from wrong

They call him Batman (Batman)
They call him Batman (Batman)
Did you see that strange car (no, why?)
It was shaped like a bat

So when you see the Batmobile quickly pass you by
(Gotham City, here they come)
You know they've heard the Batphone and the Commissioner's cry
(Gotham City, here they come)
Yeah that Dynamic Duo's out to prove crime doesn't pay
And from the Batcave our heroes keep evil at bay

We need the Batman (Batman)
We need the Batman (Batman)
I must be a creature of the night

Black, terrible! Um... um...
As if in answer a huge bat flies in the open window!
A bat, that's it, it's an omen; I shall become a bat!
Thus is born this weird figure of the dark, this avenger of evil, the Batman!
