

## Here Comes The Rain

Jan & Dean

Here comes the rain, let's hope it does some good  
As if we thought it could  
Wash away our tears  
Wash away our fears  
Wash away the years that made  
All of us so sad

Here comes the rain, let's pray it does some good  
As if we thought it could  
Help make love grow  
Rise those who are low  
Cool us off when we are mad  
That will make us glad

Here comes the rain, I hope our dream comes true  
But the rain has enough to do  
Washes off the flowers  
[?] for hours  
That is what the rain is for  
The rest is up to us
