

Surf Route 101

Jan & Dean

Gonna gas up my woody
Hit Route 101
My board's waxed and racked
Gonna have me some fun

From the Tijuana Sloughs up to Windansea
My wax, board, and woody were my only company

Then I met a surfer girl up at Huntington Pier
She said, "I dig your woody, lover, let's disappear"

We stopped at the Sugar Shack
For chow and some jivin'
Then back to 101
For an hour's worth of drivin'

Now I gotta put my foot in here
Don't wanna be late
'Cause the afternoon breakers
Up at Rincon are great

We tandemed on my board but got wiped out twice

But takin' gas with this chick was really pretty nice
