

## Remember The Good

Jan Howard

Yes I suppose at time I think about him he was once so much a part of me

Heaven knows I've learned to live without him

Though hell it was at times it was a painful memory

But for all it matters now if it does for all that tried to be but never was

And for all the times I've tried I wouldn't change it if I could

For all he mentioned me I remember the good

I'll forget that all the good times we had

Won't make me quite so sad when I'm remembering

And for all the times I've tried I wouldn't change it if I could

For all he mentioned me I remember the good

For all he mentioned me I remember the good
