

## Face to face

**Ami G Dmi E7**

I know your spirit and I know your smile,  
I know your lovers and your favourite bars.  
I'm so tired of your empty words,  
but besides that all I'm still waiting for you to call.

**A Dmaj7 A**

Now we are standing face to face,

**A Dmaj7 A**

I feel so free, I feel no pain.

**A Dmaj7 Dmi7**

Now we are standing face to face,

**E Ami G Dmi E7**

I feel no pain...

It's too late, where are you, not at home.

I'm still waiting for you, at the same place,  
at the same time.

I'm so tired, that I can't sleep

how stupid I've been, I thought you could be with me.

Now we are standing...

...And I've been many, many nights without you.
