

A Time For Love

Jane Monheit

A time for summer skies
For hummingbirds and butterflies
For tender words that harmonize with love

A time for climbing hills
For leaning out of window sills
Admiring the daffodils above

A time for holding hands together
A time for rainbow-colored weather
A time for make believe
That we've been dreaming of

As time goes drifting by
The willow bends and so do I
But all my friends
Whatever sky above

I've known a time for spring
A time for fall
But amongst of all a time for love

A time for holding hands together
A time for rainbow-colored weather
A time for make believe
That we've been dreaming of

As time goes drifting by
The willow bends and so I
But all my friends
Whatever sky above

I've known a time for spring
A time for fall
But amongst of all a time for love
