

Imminent Redemption

Jane's Addiction

Let's make some good trouble
Let's call in the drummer
High stakes and high drama
And we need them women too!

Let's stir up that karma
And put it in your pocket
Let's launch us a comeback
Come-Come-Come-Come
Love that!

It sounds like to me man
It's the imminent redemption
I'll see you when we meet again
In the imminent redemption

Some are hot in head remember
Try to shake hips and behind
Shake shake shake up more trouble
Open up - open up the borders

Oh it sounds like to me man
The sound is bitter-sweet man
It's the imminent redemption
Imminent imminent imminent redemption

Let's all make a comeback
La la la la la la la la la
Love that!

It's not only me
We all need a little redeeming
From the coco fields of Columbia
To the senate seats of Washington D.C
Can you ever forgive me?

Oh it sounds to me man
It's the imminent redemption
I'll see you when we meet again
In the imminent redemption
