

# I Muse Aloud

Jane Siberry

My baby  
I know I make him feel so good  
He's prostrate on the highest cloud  
I love to be with him  
With him I love to be  
Of him I wish to muse aloud

And I know what he's thinking  
I know what he's saying  
I know what he's doing

When he's walking down the street  
He smiles at all the girls  
The girls - they smile at him  
I fill my baby up  
I fill him up with so much love  
He falls in love with them

And I know ...

... And I feel so fine  
And I feel so good  
Feel so fine

Everything looks beautiful to him  
Especially girls  
He wants to be with them  
And if he wants to be  
With all the girls he meets  
It's 'cuz I make him feel so good

And I know ...

... And I feel so fine  
And I feel so good  
Feel so fine ...

la la la ...
