

Forever

Jane Wiedlin

There was a time I felt empty inside
Choking on loneliness
If I knew then what I know now
I'd have laughed at it all
Now I've got forever with you
Though forever isn't long enough
Forever isn't nearly long enough
One look at you I could feel myself
Drowning in your eyes
I headed for shallow water
And found that I was too late
So I'll sink forever in an ocean of love
Forever isn't long enough
Forever isn't nearly long enough
Forever isn't long enough
Forever isn't nearly long enough
So say you'll always love me
We'll be together forever
I'm excessive and greedy
And as far as I'm concerned
Forever isn't long enough, hey!
All alone I was hiding from life
Couldn't pry me from my little world

Stuck in a rut
I couldn't see through the haze
Who'd have thought
I'd look forward to eternity
Though forever isn't long enough
Forever isn't nearly long enough
Forever isn't long enough
Forever isn't nearly long enough
Forever isn't long enough
Forever isn't long enough
Forever isn't nearly long enough
Forever isn't long enough
Forever isn't long enough
Forever isn't nearly long enough
Forever isn't long enough
Forever isn't long enough
Forever isn't long enough
Forever
Isn't long enough
There was a time I felt empty inside
Forever isn't nearly long enough
Forever
Forever
Forever
Forever isn't long enough
Isn't long enough
Isn't long enough
