

# Rain On Me

Jane Wiedlin

I can see your sky has fallen  
All you hope has disappeared  
The future that you once believed in  
Is not so clear  
Though the sun cannot be gone forever  
And all your dreams are not in vain  
Come inside my shelter, darling  
And let it rain  
Thunder, fire and thunder  
Thunder, thunder and the rain  
Rain on me  
Let it rain  
Wash away your tears, my love  
Wash away the pain  
I can feel the flood is coming  
It will make the world a sea  
But I could spend forever diving  
Just you and me  
And though the clouds are gathering  
I know your dreams are not in vain  
I can see the silver lining  
So let it rain  
Thunder, fire and thunder  
Thunder, thunder and the rain  
Rain on me  
Let it rain  
(I'm never gonna stop)  
Wash away your tears, my love  
Wash away the pain  
Rain on me  
Let it rain  
(I'm never gonna stop)  
Wash away your heartache  
Wash away the shame

Rain on me  
Take me where the sky becomes the sea  
I will take your tears and set you free  
Thunder, fire and thunder  
Thunder, thunder and the rain  
Rain on me  
Let it rain  
(I'm never gonna stop)  
Wash away your tears, my love  
Wash away the pain  
Rain on me  
Let it rain  
(I'm never gonna stop)  
Wash away your heartache  
Wash away the shame  
Rain on me  
Let it rain  
(I'm never gonna stop)  
Wash away your tears, my love  
Wash away the pain  
Rain on me  
(I'm never gonna stop)

(I'm never gonna stop)  
Rain on me  
(I'm never gonna stop)  
(I'm never gonna stop)  
Rain on me  
(I'm never gonna stop)  
(I'm never gonna stop)  
Rain on me  
Rain on me  
(I'm never gonna stop)  
(I'm never gonna stop)  
Rain on me  
(I'm never gonna stop)  
(I'm never gonna stop)  
Rain on me  
(I'm never gonna stop)  
(I'm never gonna stop)  
Rain on me
