

# World On Fire

Jane Wiedlin

It's so hot in here  
You know I can't believe  
I've got a big, bad fever  
Burning inside me  
Baby, something's gotta give  
I'm ready to explode  
And if our circuits overload  
We'll set the world on fire  
And we'll burn, burn, burn  
Right through the universe  
(We'll set the world on fire)  
A great ball of burning desire  
Love so hot, it's got to set  
The world, oh-oh, the world on fire  
Oh, honey, hold me close  
Don't ever let me go  
I feel the flames of love  
Climbing up my pantyhose  
A nuclear reaction  
I'm melting to the core  
Baby, I don't care  
Gimme more, more  
We'll set the world on fire  
And we'll burn, burn, burn  
Right through the universe  
(We'll set the world on fire)  
A great ball of burning desire  
Love so hot, it's got to set

The world, oh-oh, the world on fire  
You're not supposed to smoke  
Between the sheets  
But my heart burns  
And you supply the heat  
I can feel your engine combusting  
And nothing in the world  
Can quench this lusting  
Ai-yi-yi-yi-yi-yi-yi!  
Burn, burn, burn, baby, burn  
Burn, burn, burn, baby, burn  
Burn, burn, burn, baby, burn  
Burn, burn, burn!  
Baby, something's gotta give  
I'm ready to explode  
And if our circuits overload  
We'll set the world on fire  
And we'll burn, burn, burn  
Right through the universe  
(We'll set the world on fire)  
A great ball of burning desire  
Love so hot, it's got to set  
The world, oh-oh, the world on fire  
The world on fire  
The world on fire  
World on fire
