

Got me in the sky
Up so high
Now I feel like I can walk on air
Make me feel right every time
You're the only one that takes me there
Addicted to your love
Come and give it to me now
You got me turning up
When I should be turning down
You make it so hard
Gonna have you everyday
My heart is beating like an 808
I need that
I need that 808
Got my heart
Beating like an 808
Got my heart
Beating like an 808
Got my heart
Beating like an 808
Got my heart
Beating like an 808
Got my heart
Beating like an 808
How'd you do that
On Contact
When you touch me I just loose my breath
Happen so fast
I'm speechless
Your love that hasn't failed me yet
Addicted to your love
Come and give it to me now
You got me turning up
When I should be turning down
You make it so hard
Gonna have you everyday
My heart is beating like an 808
I need that
I need that 808
Baby you got my heart
Beating like an 808
I need that
I need that 808
Got my heart
Beating like an 808
Got my heart
Beating like an 808
Got my heart
Beating like an 808
Got my heart
Beating like an 808
Got my heart
Beating like an 808
Got my heart
Beating like an 808
