

# Green Light

Jane Zhang

I got diamonds on my neck  
I got diamonds on my neck, oh  
Tell the buyers cut the check  
Ice on deck got my money on the jet

Bass no treble when I slide turn it up  
Second place no medal don't depend on your luck

La la la  
I got bands in the truck  
La la la  
Tell the buyers to pull up

You mad cause you never had a girl like me  
You sad cause you want it for eternity  
Be someone but you don't wanna say so  
Be someone like a blueberry fuego

All my haters say girl you da baddest  
What it do, is you in it is you out of it  
All my haters say girl you da baddest  
I just want your hands all over me

Don't you wanna  
Touch my body like a sauna  
Don't you wanna  
Flex like hottie you a stunna

Left on read cause you never shoulda called me  
Left unsaid cause you never shoulda called me

Baby, I never told ya  
No, I never tried  
You wasn't sposed ta  
Stay for the night

Leavin' me lonely  
Takin' the time  
You do me like this, you do me like that  
And you don't think twice

Green light  
Baby turn me on  
And it feel like  
We could do this all night long

Ah-ah-ah-ah-ah  
Na na na na na no no!  
Ah-ah-ah-ah-ah  
Na na na na na yo yo!

Break me down to the bottom  
And you know you wanna  
Steal my crown underwater  
Cause you know you wanna

Green light

Baby turn me on  
And it feel like  
We could do this all night long

We don't want no drama, we don't want no problems  
We just light up the night  
Lemonade in summa, anytime you wanna  
You ain't gonna find me tonight

Run it back in the circle make it clap clap (ya)  
WhyBeatZ on the beat make it slap slap (slap)  
I got the gas so pull up to me bumpa  
Up to me bump  
(Up up to me bumpa)

All my haters say girl you da baddest  
What it do, is you in it is you out of it  
All my haters say girl you da baddest  
I just want your hands all over me

Don't you wanna  
Touch my body like a sauna  
Don't you wanna  
Flex like hottie you a stunna

Left on read cause you never shoulda called me  
Left unsaid cause you never shoulda called me
