

# Pull Me Up

Jane Zhang

Paradise  
Feels like diamonds in disguise  
Don't think twice think right

A perfect crime  
You stole my heart in record time  
Left behind no sign

So play me like a string up on a violin  
I know it sounds so sad but it feels so good  
Got me locked inside your love without tryin'  
Like ohhh

So take me to your heaven like I'm dyin'  
Cause I would leave this place only if you stood  
Right beside me on the edge of the horizon  
Like ohhh

So pull me up  
So pull me up  
Baby when the sun goes down  
I'll be waiting for you on the Ground

So pull me up  
So pull me up  
Baby when the sun goes down  
I'll be waiting for you on the Ground  
So pull me up

Hypnotized  
Feels like crystals when I cry  
I don't mind  
Don't mind

Fantasized  
About your body rising next to mine  
Feels so nice  
So nice

So play me like a string up on a violin  
I know it sounds so sad but it feels so good  
Got me locked inside your love without tryin'  
Like ohhh

So take me to your heaven like I'm dyin'  
Cause I would leave this place only if you stood  
Right beside me on the edge of the horizon  
Like ohhh

So pull me up  
So pull me up  
Baby when the sun goes down  
I'll be waiting for you on the Ground

So pull me up  
So pull me up  
Baby when the sun goes down

I'll be waiting for you on the Ground  
So pull me up

Pull me up  
Pull me up  
Pull me up  
Pull me up  
Pull me up  
Pull me up

So pull me up  
Hypnotized

So pull me up  
Fantasized

Pull me up  
Pull me up  
Pull me up  
Pull me up

So pull me up  
Feels so nice

So pull me up  
So pull me up  
Baby when the sun goes down  
I'll be waiting for you on the Ground

So pull me up  
So pull me up  
Baby when the sun goes down  
I'll be waiting for you on the Ground  
So pull me up
