

# I Got the Juice

Janelle Monáe

You're so damn electric, you  
You know you got that juice  
You know you got that juice  
You know you got that juice  
Now, squeeze all that passionfruit  
Ain't no one fresher than you  
Ain't no one fresher than you  
And if they try to break you, you say

Down, love  
(Don't think about it)  
Down, love  
(Don't think about it)  
Down, love  
(You're number one)  
Down, love  
(And don't you doubt it)  
Down, love  
(Don't think about it)  
Down, love  
(Don't think about it)  
Down, love  
(Don't think about it)  
Stop!  
Now, shine

I got the juice (juice tonight)  
I'm the chaser, don't need a mixer  
I got the juice (juice tonight)  
Baby, I'm the plug and the filter  
I got the juice (juice tonight)  
How many damn times I got to tell y'all?  
I got the juice (juice tonight)  
Baby, I got the juice (I got the juice tonight)

Down, love  
(Don't think about it)  
Down, love  
(Don't think about it)  
Down, love  
(You're number one)  
(And don't you doubt it)

Now go on girl and use that sauce (that sauce)  
If you don't, then that's your loss (your loss)  
If you don't, then that's your loss  
Turn it up, don't turn it off  
Got everybody looking in your cup (your cup)  
You know they wanna drink it up (drink it up)  
You know they wanna drink it up (drink it up)  
And if they try to take it you say

Down, love  
(Don't think about it)  
Down, love  
(Don't think about it)  
Down, love

(You're number one)  
Down, love  
(And don't you doubt it)  
Down, love  
(Don't think about it)  
Down, love  
(Don't think about it)  
Down, love  
(Don't think about it)  
Stop!  
Now, shine

I got the juice (juice tonight)  
I'm the chaser, don't need a mixer  
I got the juice (juice tonight)  
Baby, I'm the plug and the filter  
I got the juice (juice tonight)  
How many damn times I got to tell y'all?  
I got the juice (juice tonight)  
Baby, I got the juice (I got the juice tonight)

It's a freak, freak scene in it  
Wet, wet dream in it  
Wakin' up like wean in it  
Me in your jeans in it  
Yellow like pee in it  
Oh no, I mean me in it  
Know it ain't lean in it  
But it's got a little kink in it  
Kinda make you wanna drink in it  
Got a little cream in it  
But I feel like being in it  
Work me up like caffeine in it  
Drippin' like a extra large but the top is too small, yeah  
Here, let me wipe you off  
Look inside, I can't wait to get you home at all, nah  
These cupholders are small  
Can't believe what is in it, ya  
Tastes like a good time  
My ring was foggy in my business  
Short turn, memory fried (brain on)  
What you got, girl, is tough as shit  
Can't nothin' else fuck with it (hey!)  
Pressed, please, that fresh squeezed juice  
There could never be a supplement

Got juice for all my lovers  
Got juice for all my wives (hey!)  
My juice is my religion  
Got juice between my thighs (hey!)  
Now, ask the angels, baby  
My juice is so divine (hey!)  
Ain't no juice quite like yours  
Ain't no juice quite like mine (hey!)  
If you try to grab my pussy cat, this pussy grab you back (hey!)  
If you try to grab my pussy cat, this pussy grab you back (hey!)  
If you try to grab my pussy cat, this pussy grab you back (hey!)  
This pussy grab you back  
Give you pussy cataracts (hey!)

Yeah, I got the juice  
I'm the truth, you can see it  
Throw it up, throw it up

I'm the plug when you need it  
I'm the truth, I'm the truth  
Yeah, yeah, I got the juice  
Dirty computer  
Dirty computer  
You can break me, break me down  
If you want it you can get it  
You can take my, take my crown  
I don't want it, I don't need it  
Yeah, yeah, I got the juice  
Yeah, yeah, I got the juice  
Dirty computer  
Dirty comp...
