

We Were Rock and Roll

Janelle Monáe

[Verse 1]

I remember, another time
I smell the breeze, I feel the sun
Our memories, come back to me
The way we used to dance, the way you clapped your hands
I remember, the smell of girls who lived in the,
I've been delayed, I've been denied
Then you came around and took the crown

[Chorus]

We were unbreakable
We were like roll & roll
We were like a king and queen
I want you to know
No matter how the story's told
We were like roll & roll
We were unbreakable

I want you to know

[Verse 2]

I remember, a time alone
Wanted to dance, locked in your arms
Your melody, stays on me
You were twenty-one, thought we owned the sun
And I remember, I plan to run
My rebel ways, and your [?] arms is
We go insane, thought it would be fun
And now your queen is on to take the throne

[Bridge]

Let me tell you that it's alright. (etc.)
Help me sing it louder!

[Guitar Solo]

[Outro]
