

# You Are My Everything

Janelle Monáe

You  
You were my everything  
You were my everything  
The reason why I hoped and dreamed  
You and I are a story untold  
And now your gone  
And my hearts turned cold

Words cant describe  
How I feel inside  
With a heart so small  
Don't feel sorry for me  
Don't you feel guilty  
Since you moved on  
Internally he murdered me  
My emotions bleed no more  
I'll have chills at night  
Probably till I die  
And feel a love reborn cuz...

You were my everything  
You were my everything  
The reason why I hoped and dreamed  
You and I are a story untold  
And now your gone  
And my hearts turned cold

Emotionally I was confused  
But only for a second there  
Was I fooled  
Gave you all of me  
Every part of me  
Even sacrificed my precious jewel  
Then you patiently chipped away at me  
Using your words as tools  
And I compromised my identity  
And gave into me  
Just to play by your rules

You, you were my everything  
You were my everything  
The reason why I hoped and dreamed  
You and I are a story untold  
And now your gone  
And my hearts turned cold

Now that I'm free  
I can release all that I have in me  
All that I've held in for so long  
Wont let that keep me from moving on

Now that I'm free  
I can release all that I have in me  
All that I've held in for so long  
Wont let that keep me from moving on

Words of advice

Speak from your heart  
Let the truth see you through  
Cuz what goes around  
Always comes around  
And this could be you singing...

You were my everything  
You were my everything  
The reason why I hoped and dreamed  
You and I are a story untold  
And now your gone  
And my hearts turned cold

Cuz you were my everything  
The reason why I hoped and dreamed  
You and I are a story untold  
And now your gone  
And my hearts turned cold
