See it all

In the darkness  
I can see it all  
The creatures of the night  
The creatures of the night  
The creatures of the

The creatures of the night  
The creatures of the night  
The creatures of the night  
The creatures of the night  
The creatures of the night  
The creatures of the night  
The creatures of the night

In the darkness  
I can see it all  
See it all  
See it all

In the darkness  
I can see it all
