

December Daze

Janet Devlin

Chestnuts roasting on the fire top
Children's signs read Santa stop
Familiar scents that we forgot
December daze

The sound of church bells start to ring
Everyone is out caroling
We all got a song to sing
December daze
They're here again

With family on her mind
We'll be home on time
There's gifts wrapped in ribbon unopened and new
Waiting beneath the tree
The gift with my name on unravels with glee
So merry Christmas to me

We watch the snowflakes start to fall
We build snowmen standing tall
And don't forget to deck the hall
December daze
They're here again

With family on her mind
We'll be home on time
There's gifts wrapped in ribbon unopened and new
Waiting beneath the tree
The gift with my name on unravels with glee
Merry Christmas to me

With family on her mind

There's gifts wrapped in ribbon unopened and new
Waiting beneath the tree
The gift with my name on unravels with glee
Merry Christmas to me
