

# Alright

Janet Jackson

Seeing that your love's true  
Never I'll doubt you  
My heart belongs to you  
That's alright with me  
Worlds could end around me  
So in love that I can't see  
You and me were meant to be  
That's alright with me

Friends come and friends may go  
My friend, you're real I know  
True self you have shown  
You're alright with me  
Through thick and thick to thin  
I'll love you till the end  
You know it's true my friend  
You're alright with me

Catch a fallin' star that shines  
Make a wish clap 3 times  
Dreams come true it's in the mind  
That's alright with me  
Your wish is my command  
Never thought I'd fall in love again  
Again with my best friend  
That's alright with me

Friends come and friends may go  
My friend, you're real I know  
True self you have shown  
You're alright with me  
Through thick and thick to thin  
I'll love you till the end  
You know it's true my friend  
You're alright with me

Always and everlasting  
This love is just not passing  
We're happy as can be  
Alright with me  
Friends come and friends may go  
My friend, you're real I know  
True self you have shown  
You're alright with me  
Through thick and thick to thin  
I'll love you till the end  
You know it's true my friend  
You're alright with me
