

# Daybreak

Janet Jackson

It's after midnight  
And everyone's in their room  
And I'm just waiting for the lights to go out  
But in the mean time  
I'm ringin' ringin' your phone  
I'm sayin' baby be patient  
I have almost escaped to see you

When they fall asleep  
I'm gonna be free  
Hope nobody wants to stay up too late

Cause I'm  
Sneakin out to play tonight  
Gonna take a taxi ride  
Have fun with you  
It feels so good I can't wait  
Feels like a minute when I'm with you then  
The whole thing has to end  
Hurry up get back in bed  
Before daybreak

I can't stay inside  
I know I saw you last night  
But it's already been too long  
I need to feel your body  
The touch of your body  
But that's not all  
No that's not all  
When I'm around you time gets lost

When they fall asleep  
I'm gonna be free  
Hope nobody wants to stay up too late

Cause I'm  
Sneakin out to play tonight  
Gonna take a taxi ride  
Have fun with you  
It feels so good I can't wait  
Feels like a minute when I'm with you then  
The whole thing has to end  
Hurry up get back in bed  
Before daybreak

Cause I'm  
Sneakin out to play tonight  
Gonna take a taxi ride  
Have fun with you  
It feels so good I can't wait  
Feels like a minute when I'm with you then  
The whole thing has to end  
Hurry up get back in bed  
Before daybreak

Sneak down the stairs  
Get money for the fare

Time is of the essence  
So I'll tell the driver hurry up  
I can't sit still  
I'm like a lil' kid  
Smilin' 'cause I'll be in your arms in a minute  
Times like this I  
Can't afford to miss  
Worth the risk of getting caught  
Just to have your kiss  
And when I have to go (it's the saddest)  
But I'm so glad to know  
I'll see you tomorrow

When they fall asleep  
I'm gonna be free  
Hope nobody wants to stay up too late

Cause I'm  
Sneakin out to play tonight  
Gonna take a taxi ride  
Have fun with you  
It feels so good I can't wait  
Feels like a minute when I'm with you then  
The whole thing has to end  
Hurry up get back in bed  
Before daybreak

I'm sneakin', I'm sneakin'  
I wanna spend the weekend  
Have fun with you  
It feels so good I can't wait

I'm sneakin', I'm sneakin'  
Ain't happy that I'm leavin'  
Hurry up get back in bed  
Before daybreak

Cause I'm  
Sneakin out to play tonight  
Gonna take a taxi ride  
Have fun with you  
It feels so good I can't wait  
Feels like a minute when I'm with you then  
The whole thing has to end  
Hurry up get back in bed  
Before daybreak
