

# Take Care

Janet Jackson

Glass of wine  
Candlelight  
Music made for quiet times  
I'm feelin' mellow  
I need my  
Sweetie pie  
Here to lay me out tonight  
I want it  
I want it  
But I can't get it

Take good care of me tonight

At home  
I'm so alone  
I'm wishin' you were here  
Baby tonight  
My bed is cold  
I'm wishin' you were near  
Cause I'm in a sexy mood  
And only you can fill my needs  
I'll lay here  
And take care of it  
'Til you come home to me

Always sound sensuous  
Anytime we pillow talk  
Using such few words  
I get sensitive when you work  
It feels so good when it hurts  
Always want more and more  
And I know you can't be here  
That usually don't faze me  
I need you tonight  
Boy it's drivin' me crazy  
Yearnin' inside  
With this burnin' desire  
I want it  
I want it  
But I just can't get it from you

Take good care of me tonight

At home  
I'm so alone  
I'm wishin' you were here  
Baby tonight  
My bed is cold  
I'm wishin' you were near  
Cause I'm in a sexy mood  
And only you can fill my needs  
I'll lay here  
And take care of it  
'Til you come home to me

Ah ah  
Take care of me

Ah ah  
Fulfill my needs  
Ah ah,  
Take care of me

Take good care

Ah ah  
Take care of me  
Ah ah  
Fulfill my needs  
Ah ah  
Whatever you can be  
Ah ah  
I'll take good care of me

Take good care of me tonight

At home  
I'm so alone  
I'm wishin' you were here  
Baby tonight  
My bed is cold  
I'm wishin' you were near  
Cause I'm in a sexy mood  
And only you can fill my needs  
I'll lay here  
And take care of it  
'Til you come home to me

[Repeat]

Ah ah  
Take care of me  
Ah ah  
Fulfill my needs  
Ah ah  
Take care of me

Take good care

Ah ah  
Take care of me  
Ah ah  
Fulfill my needs  
Ah ah  
Whatever you can be  
Ah ah  
I'll take care of me
