Young Love

Janet Jackson

Young love, young love
Young love, young love

I may be young, but I?m not foolish
I can tell real love from a game
I?m not gonna let you use me
Heartbreak playmates, shares not the same

Young love, ring around the roses
Young love, searchin? for a heart so true
Young love, a pocket full of poses
Young love, all adds up to me and you

I traded all my childish treasures
For a burnin? love so true
It?s gonna be my first time around
Heartbreak?s high game, low shake you down

Young love, ring around the roses
Young love, searching for a heart so true
Young love, a pocket full of poses
Young love, all adds up to me and you

Young love, ring around the roses
Young love searchin? for a heart so true
Young love, a pocket full of poses
Young love, all adds up to me and you

Young love, young love, hey love, young love
Young love, young love, hey love, young love
Young love, young love, hey love, young love

I may be young, but I?m not foolish young love
I can tell real love from a game, young love
I?m not gonna let you use me, young love
Heartbreak playmates, shares not the same, young love

Young love, ring around the roses
Young love, searchin? for a heart so true
Young love, a pocket full of poses
Young love, it all adds up to me and you
Hey love, young love, hey hey young love, hey love

Young love, ring around the roses
Young love, searchin' for a heart so true
Young love, a pocket full of poses
Young love, it all adds up to me and you
Young love, hey love, young love, whoo, whoo young love, yeah

Young love, searchin' for a heart so true
Young love, a pocket full of poses
Young love, it all adds up to me and you
Young love, young love, young love, young love
(Di da da da di da da)
