## **Breaking Silence**

Janis lan

Come into my solitude Though I weary be Come into my tenderness Dream along with me

Listen to the whispers sing Listen to the singers shout Come into my solitude Me and my big mouth

Thoughts unspoken, thoughts unsaid Lies of hearth and home Children broken on the bed And left to lie alone

Things you talk around Scum you chock on down Come into my solitude Step on sacred ground

We were speaking Of values and violence Breaking silence

Fathers who are lovers
To the daughters that they own
Mothers who don't leave a child
In a single safety zone

People so unhinged
That death is much to kind
Come into my solitude
Step over that line
(Thought I was the only one)

Thought I was the only one
Thought I was the only
(Thought I was the only)
Thought I was the only, only one
(Thought I was the only)

We were speaking Of values and violence Breaking silence

Come into my solitude
Welcome to the wheel
Come into this wonderland
Of wounds that will not heal

Walls that do not speak Steps that do not sound Come into my solitude Burn this building down
