

Alligator

JANK

1, 2, 3, 4

Wake me up before I get sore

Quakin' right under my feet

The alligator is comin' for me

I paid him off, but he still needs to eat

So I'll put him up and I'll give him a feast

You're not as scaly as you think

You're just a fuzzy little bean

You've got some problems just like me

So I'll give you a break and

Something to eat when you're not feelin' pretty like me

You're not as scaly as you think

Only the exterior of a soft-hearted bean

You're not as scaly as you think

Only the exterior of a soft-hearted bean
