

Chunks (Cool Enuff)

JANK

And I'm feeling anything but useful
And I'm feeling some kind of ditzy
And I can hear you laughing from the back door
I'm not dead yet but it's a start

Pull your elbow back
And launch it right into my teeth
Tell all of your friends
How much you've got me beat

Am I not cool enough for you?
Am I not cool enough for you?
Am I
Am I not cool enough for you?
Am I
Am I not cool enough for you?
Am I?
