

Never Give Up on Me

Jann Arden

I've made more mistakes than I can count upon my finger tips
I have been ashamed and I have felt as guilty as all sin
Counting every tear that drops will not account for any loss
I'll let the past remain behind me now

Fill it up with goodness
I'll drink it down with love
Never give up on me
I will never give up on you
You're everything I need
Oh just look at what we've been through
So far so good

I have wished on every star that shot across my broken heart
I am still amazed that you came true
I have kissed a hundred lips but none of them compare to this
I have found myself inside of you

You forgive my sad regrets
And I forgive myself
Never give up on me
I will never give up on you
You're everything I need
Oh just look at what we've been through

Never give up on me
I will never give up on you
You're everything I need
Oh just look at what we've been through
I love you
