Jann

I've been around long enough to know
When to shut my mouth and let it go
So when I think about all of the things unsaid
I recalculate the weight on worth

But when your eyes meet mine
Consciousness divine
Makes my tongue untied
And truth comes spilling out

I love you
I love you

I've been around long enough to see
What I do is not always what I mean
But when I feel the heat
Synapses send a sign
I just close my eyes and start to breathe

But when your eyes meet mine
Consciousness divine
Makes my tongue untied
And truth comes spilling out

I love you
I love you
