

I'm really sorry if you thought this feeling
was the fire keeping your heart beating
Here's your money back
Here's your punk rock back
I'm really sorry if you want more screaming
You missed my heart but you've got my ears bleeding
Here's your money back
Here's your punk rock back
I'm really sorry if you're still believing
they can suck in angels and then spit out demons
Here's your money back
Here's your punk rock back
I'm really sorry if you're disappearing
You hear that sound? That's us cheering.
Here's your money back
Here's your punk rock back
Do as i say girls.
Do as i say boys.
Everyone who does rebellion. (?)
Everyone who does rebellion.
Do as i say girls.
Do as i say boys.
Everyone who does rebellion.
Everyone who does rebellion.
(2x)

Here's your money back
here's your punk rock back.
Here's your money back
here's your punk rock back.
Do as i say girls.
Do as i say boys.
Everyone who does rebellion.
Everyone who does rebellion.
Do as i say girls.
Do as i say boys.
Everyone who does rebellion.
Everyone who does rebellion.
