

# Fugitive Summer

Japandroids

This just in, you're beginning again  
Done doing the dance for an ungrateful audience  
Logging off tonight and leaving them all behind

Oh they so serious, bout you, acting all mysterious  
Not knowing, you're not running away, just going  
Leaving the glamour girls, for the women of the world

Baby (baby), tune in tomorrow, tune out tonight  
Baby (baby), tune in tomorrow, tune out tonight  
Baby, for a few hours, it'll be alright, now baby

Ready or not, big swig got you feeling shit hot  
And you're taking that feeling, out into the early evening  
My picture in your locket, mickey in your back-pocket

Sipping it slowly, as the sun dies for your eyes only  
Socializing, with the hard line on the horizon  
And you alone own it, that million-dollar moment

Baby (baby), tune in tomorrow, tune out tonight  
Baby (baby), tune in tomorrow, tune out tonight  
Baby, for a few hours, it'll be alright, now baby

Worldwide, I wanna be there by your side  
And sly it, not in secrecy, just silence

All the action and incidents  
Urgency, innocence  
And when it comes to fucking up  
Firsthand experience

All the action and incidents  
Urgency, innocence  
And when it comes to fucking up  
Firsthand experience

Yeah  
Yeah  
Yeah  
Yeah

The infamous lost lovers  
And their infamous fugitive summer
