

## Mega Circuit

### Japanese Breakfast

Barreling 'round the mega circuit  
Kicking mud off ATVs  
Plotting blood with your incel eunuchs  
I could be the home you need

Oh I'm gonna write my baby a shuffle good  
C'mon

Shooting blanks off a blacktop surface  
Blue light cast off a sodium beam  
Sucked you off by the AC unit  
Caught your breath while the evening steeped

Well, I'm better write my baby a shuffle good  
Or he's gonna make me suffer the way I should  
Deep in the soft hearts of young boys so pissed off and jaded  
Carrying dull prayers of old men cutting holier truths
