

Overboard

Jared Anderson

My whole life it doesn't mean anything
It doesn't mean anything without you
It's an uphill climb that doesn't mean anything
It doesn't mean anything without you
Cause it's not about me it's all about you
I want to be a part of a thing you do
I've seen so much but you are more
I'm going overboard
Into the dark where faith can see
Into the water, into the deep
I've seen so much but you are more
I'm going overboard
The finish line doesn't mean anything
It doesn't mean anything without you
The dollar sign doesn't mean anything
It doesn't mean anything without you
The lame will leap, the dumb will speak
The dead will rise and come to life
The lame will leap, the dumb will speak
The dead will rise and come to life
