

# Revolve

Jared Anderson

I was lost but now I'm found  
And my world revolves around You  
I was far away and now  
My world revolves around You

Jesus, my world without and end  
No mind can comprehend  
Though I keep trying  
Jesus, my faith has found Your love  
My hope has found it's trust  
My heart will beat the sound  
My world revolves around

Though the sky should touch the ground  
My world revolves around You  
I surrender, You surround  
When my world revovles around You

Jesus, my world without and end  
No mind can comprehend  
Though I keep trying  
Jesus, my faith has found Your love  
My hope has found it's trust  
My heart will beat the sound  
My world revolves around

Now my eyes are fixed on You  
And I can't look away  
Cause all this heart was made to do  
I has to offer highest praise  
My praise, praise, my praise
