

The Whole Landscape

Jared Anderson

Oh my soul, awake
Prepare the way, prepare the way
Oh my soul, awake
Prepare the way, prepare the way
For the Lord
He comes in power, He's God of the resurrection
He comes in favor, He's God of the unexpected

Wave after wave, after wave, the tide is rising
Day after day, after day
He's God, He's God of the whole landscape
He's God, He's God of the whole landscape

Heart, don't be afraid
Prepare the way, prepare the way
Heart, don't be afraid
Prepare the way, prepare the way
For the Lord
He is my healer, He is my fascination
He is my Savior, saving in all directions

Wave after wave, after wave, the tide is rising
Day after day, after day
He's God, He's God of the whole landscape
He's God, He's God of the whole landscape

And nothing can separate, nothing can break apart His love
Sure as the sun will rise, we'll see the kingdom come
We'll see the kingdom come

Wave after wave, after wave, the tide is rising
Day after day, after day
He's God, He's God of the whole landscape
He's God, He's God of the whole landscape
He's coming wave after wave, after wave
Wave after wave, after wave
Wave after wave, after wave
Wave after wave, after wave
