

We Will Be Changed

Jared Anderson

We're gonna see Jesus
We're gonna see His face
We're gonna see Jesus
On that glorious day

We're gonna see Heaven
We're gonna see His place
We're gonna see Heaven
On that glorious day

When the clouds roll back
In the eastern sky
We'll all be changed
In the blinking of an eye

On that glorious day
When all will see His face
We will be changed
We will be changed

I will see You in the sky
When Heaven's open wide
And we will be changed
We will be changed
Oh we will be changed

We're gonna see angels
We're gonna see angels sing His praise
We're gonna see angels
On that glorious day

We're gonna see mansions
We're gonna walk on streets of gold
We're gonna see mansions
On that glorious day

When the clouds roll back
In the eastern sky
We'll all be changed
In the blinking of an eye
