Blind

Jared Evan

And I try (you know that I'm gonna try)
But I'm always high (why am I always high?)
And it's hard to find (always so hard to find)
Because I'm blind
Blind

I'm so oblivious it never ends
And it's like I don't know just what I'm doing, oh
I can't realize what I did
How the f*ck am I even human? Oh oh

Maybe I just ignore it
All of the voices calling me
I don't know how to solve it
I ruin everything in sight
I'm in the dark and crawling
It's hard to make out what's haunting me
Caught in the camouflaging
But maybe I will see this time

And I try (you know that I'm gonna try)
But I'm always high (why am I always high?)
And it's hard to find (always so hard to find)

Because I'm blind
Blind

I'm just a hypocrite who pretends (I'm just a hypocrite)
And all I do is make excuses oh (excuses)
I'm so ignorant but it's bliss (I'm so ignorant)
How the f*ck can I be so stupid? Oh oh

Maybe I just ignore it
All of the voices calling me
I don't know how to solve it
I ruin everything in sight
I'm in the dark and crawling
It's hard to make out what's haunting me
Caught in the camouflaging
But maybe I will see this time

And I try (you know that I'm gonna try)
But I'm always high (why am I always high?)
And it's hard to find (always so hard to find)
Because I'm blind
Blind
